Hi Pat,

I just wanted to write to let you know how happy I am with the system I bought from you last year to cover my pontoon boat. I have a summer lake home in upper Michigan and have had trouble keeping my boat covered properly in winter. The winters are extreme in the UP and when I got back this summer the boat cover was just as I left it from last summer, in perfect shape. The frame is great and the show just slides off the cover. Great product just wish I had purchased it years ago.

Thanks,  
Paul
